EYC is located on Lake Ontario at the border of Etobicoke and Toronto. There is a drysail building with sail and gear storage, washrooms, hot showers, changing rooms. We have barbecues, camping area, boat and car parking.

There is a ramp into the water and a beach, which most catamaran sailors use. There are launching dollies that allow most people to hand launch their boats easily.

We are a self help club, so we all work together to keep the lake and property clean.
